Status Summary

Targets have been achieved for all outcomes. No action is needed at this time. We will continue to evaluate the program and update our action plan accordingly.

Summary of Next Steps

- 1) Continuous monitoring and improvement of the program will take place next year.
- 2) New electives will be introduced to enhance the program.
- 3) Continue to grow the program

2) Apply for Accreditation from ACCE

Both the graduate and undergraduate programs in the CM department has grown at an exponential rate. The department only has 6 Tenure/Tenure track faculty including the Chair serving approximately 450 undergraduate students and 50 graduate students. This has put enormous pressure on the Faculty. Additional faculty lines are need to sustain this growth.

Status Summary

All targets are being met. No action required for this assessment period. The Department will continue to grow the program and monitor the performance with its current targets.

To enhance the program assessment, a student learning outcome assessment form will be developed and distributed to all faculty to be used in reporting and documenting the course assessments.

Summary of Next Steps

1) Continue to grow the program and develop more electives

2) Apply for Accreditation from ACCE

3) Create an student learning outcome assessment form to be used in the next cycle

Both the graduate and undergraduate programs in the CM department has grown at an exponential rate.

The department only has 6 Tenure/Tenure track faculty including the Chair serving approximately 450

undergraduate students and 50 graduate students. This has put enormous pressure on the Faculty.

Additional faculty lines are need to sustain this growth.
