

TIGER TRAILS GUIDE

Global Community Center

What is Tiger Trails?

Tiger Trails is LSU's comprehensive transportation network, providing fixed-route bus service, express shuttles, paratransit, and on-demand mobility options for students, faculty, staff, and visitors. Real-time bus tracking and trip planning tools make navigating campus easier than ever. Download the [TransLoc app](#) on your mobile device to view routes and schedules.

**Please note that all routes and services are subject to change in the event of inclement weather, road closures, or school closures.*

On Demand Service

The On Demand program provides LSU students, faculty, and staff with flexible evening transportation across campus. It is designed to support safe and convenient travel after fixed-route services end. On Demand offers point-to-point rides between designated campus locations from 5:00 PM to 12:00 AM.

How It Works

Riders request a trip and are picked up and dropped off based on their selected destination. Rides can be scheduled through the Transloc app or by calling Dispatch at (225)578-5555 with pickup and drop-off locations.

- *If you are in an area on campus where On Demand service is unavailable and are not comfortable walking to the closest pickup/ drop off location, please contact the LSU Police at (225)578-3231 to request an officer to escort you to your preferred location.*

Hours of Operation

Service Schedule	Day(s) of Week	Operating Hours
Fall/Spring Service	Monday-Sunday	5:00 PM - 12:00 AM
Summer	No Service	
Student Breaks	Monday-Sunday	5:00 PM - 12:00 AM

Headways may vary

How to Request a Ride

- **Step 1:** Download the Transloc app on your mobile device to schedule a ride.
- **Step 2:** Click the “On Demand” button at the bottom of the home screen.
- **Step 3:** Enter the address where you would like to be picked up. There are multiple ways to input an address:
 - Type the address into the search bar.
 - Click the “My Addresses” drop down and select the address from the list. *If you do not have any saved addresses, you can add them to the system.*
 - Move the pin on the map by dragging the map on the screen. The green pin’s location is where you will be picked up.
- **Step 4:** Enter the address where you would like to be dropped off. There are multiple ways to input an address:
 - Type the address into the search bar.
 - Click the “My Addresses” drop down and select the address from the list. *If you do not have any saved addresses, you can add them to the system.*
 - Move the pin on the map by dragging the map on the screen. The red pin’s location is where you will be dropped off.
- **Step 5:** Select the number of passengers for the ride. If it’s just you, click “Just Me.”

Upon completion of these steps, the ride has been scheduled. You can view the ride by clicking “View Ride” from the same page.

Park & Geaux Shuttle

This is an express shuttle service connecting remote parking areas to campus destinations.

Please note that you must purchase an annual Park & Geaux permit or possess an active commuter, residential, A, B, or C permit to park your vehicle in a Park & Geaux lot during zone parking hours: Monday-Friday from 7:00 AM - 4:30 PM.

Hours of Operation

Night Route

From 6:00 PM - 10:00 PM, one shuttle will circulate campus and stop at all Park & Geaux stops on a fixed route. Yield time for the Park & Geaux Night shuttle is approximately 10-20 minutes.

Paratransit Service

LSU Parking & Transportation Services offers a Paratransit service to support students and employees registered through the appropriate university channels in traveling from campus parking areas to their destinations with ease. This service utilizes wheelchair-accessible vehicles operated by trained drivers who prioritize both safety and comfort.

The Paratransit program is designed to provide individuals with mobility challenges a reliable and convenient transportation option, promoting greater accessibility, independence, and engagement across campus.

Hours of Operation

Day(s) of Week	Operating Hours	Estimated Headway
Monday - Friday	7:00 AM - 5:00 p.m.	Variable

Rider Guidelines

- Be ready for pickup at least 10 minutes before your scheduled ride.
- Travel times may vary based on campus traffic conditions.
- Have your LSU ID or PAWS ID available when boarding.

Service schedules may be affected by weather, construction, or university closures.

How to Register

Before using LSU Paratransit, riders must be approved through the appropriate university accomodation process. Once approved, individuals will be added to the Paratransit system and may begin scheduling rides.

Students

Students requesting Paratransit service must register with LSU Disability Services and receive approved accomodations.

Faculty & Staff

Faculty and staff requesting Paratransit service must submit an accomodation request through the ADA Coordinator in the Office of Civil Rights & Title IX (OCR/TIX)

How to Schedule a Ride

Option 1: Download the Transloc App

Option 2: Call LSU Parking & Transportation Services Dispatch

- Riders can contact the transit dispatch at (225)578-5555 to schedule a ride.

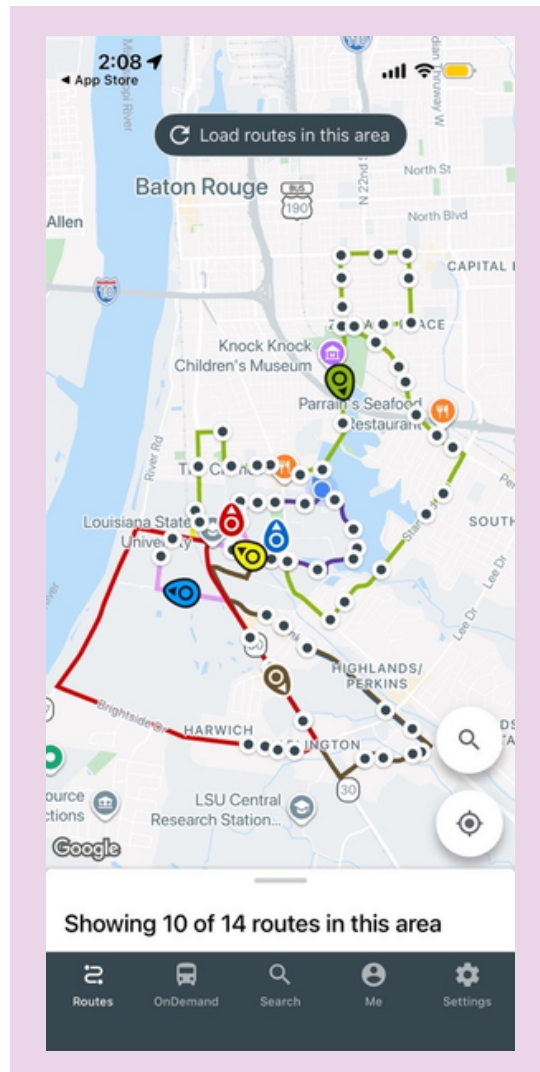

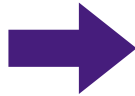

Note: Calls are answered and scheduled in the order in which they are received. Hold times may vary based on call volume. Riders are encouraged to use the Transloc app for expedited scheduling.

The Transloc App

The Transloc app provides you with information regarding campus transit, stops, and routes. It is also where you can request a ride with LSU On Demand and the LSU Paratransit service.

After downloading the Transloc app, you must select LSU twice, and then you should be able to view all of the Tiger Trails routes.

This is what your screen will likely look like!

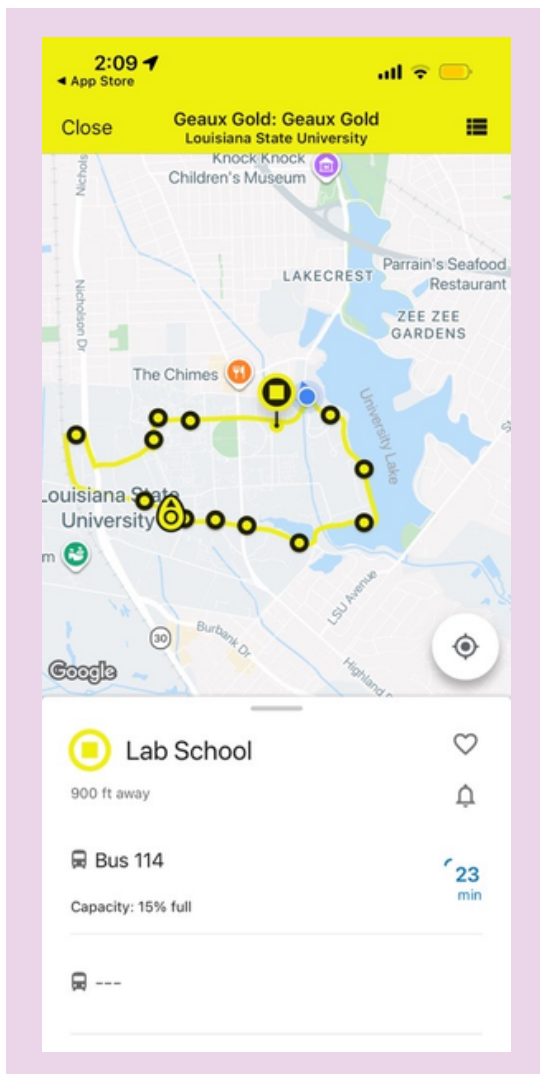

Selecting a Route/ Stop

Through the Transloc app, you can select both specific routes and stops to view either the stops along a particular route or to view which routes service a particular stop.

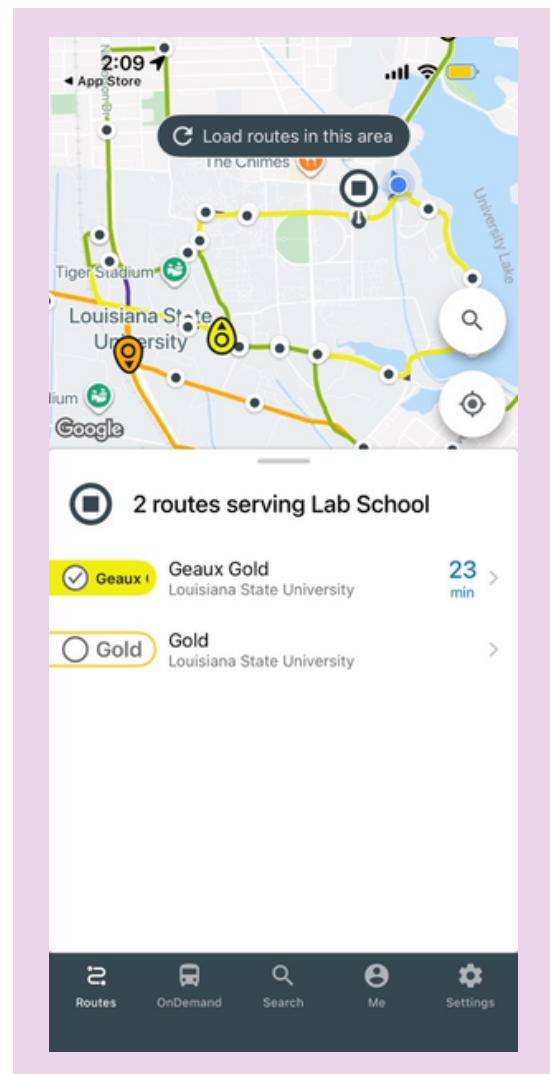

Routes

When you select a route, you can view all the stops along the route, where the bus or buses are currently located, and the estimated headway for each bus.

Stops

You can select a specific stop to view which routes service that stop, along with headway estimates for each route to see which option is the best choice.

Bus Stops

The stops are visible on the Transloc app, but they are visibly marked by signs along the route. The sign is pictured below.

How to Stop the Bus

To stop the bus, it is recommended that you gently pull on the yellow line either a block before your stop or after you have passed the stop before yours. The yellow line is pictured below.

After you have pulled the line, you should hear a notification sound and see the red *Stop Requested* light turn on.
